Foscarini

VITE. Un viaggio in cinque città, tre continenti, sedici case. Per esplorare il diverso senso di luce, rivelando vite. Per scoprire che la bellezza è ovunque, se guardiamo con curiosità e stupore.

Vite

Foscarini presents VITE: real people at the centre of the story. The VITE project represents a new perspective, an updated viewpoint, an evolution in the way Foscarini operates in relation to its products. It reflects the desire to make people the central focus, to talk about light not starting with the lamp – those who have designed, developed and produced it – but about those who live with it inside their own intimate space: the home.

VITE is a voyage that takes us inside real homes – in Copenhagen, New York, Naples, Shanghai and Venice – accompanied by the artist, photographer and videomaker Gianluca Vassallo. People are at the centre of the image and the narration, while the gaze is left free to roam inside personal spaces, real spaces that are also thus imperfect. We no longer look at carefully controlled environments, the artificial and “unreachable” images of photographic sets, but at homes that are lived in on an everyday basis, close-ups of the stories of the people who dwell inside them.

Foscarini

Collezioni Edizione — 5

31 designer, 25 materiali, 53 finiture, 22 tecnologie, 39 colori, 58 famiglie di lampade, 219 modelli diversi.

Collezioni

The complete catalogue, a dynamic and fast way to consult the complete Foscarini collection.

→ www.foscarini.com/en/downloads

Other catalogs

Maestrie — Is an extensive project – involving several artists and professionals – which sheds light on the craftsmanship skills at the heart of the production of some of Foscarini’s iconic products.

Ritratti — (“Profiles”), a brand book takes an intimate tour of five homes across Italy and an outdoor setting: the breathtaking night views of Arsenale in Venice. A collection of independent expressions on living photographed by three interior photographers.

Ambienti — Designing means choosing, and choosing a lamp means staging the right light. A catalog that talks about projects to help designers translate ideas of light into “enlightened” spaces.

App iFoscarini

iFoscarini an app designed for all design enthusiasts who wish to customise their surroundings with the unmistakable personality of Foscarini models. With captivating and emotional graphics and extremely user-friendly it allows users to insert lamps in rooms and settings which are caught on camera each time or picked from an archive of pictures. Available on the Apple Store and Play Store the *iFoscarini* app is a very effective tool that is extremely simple to use.

MyFoscarini

With the same spirit that provides new ideas in lighting design, Foscarini creates its own more efficient programs for customer and partner communication, for instance, *MyFoscarini*, a proprietary platform, an absolutely innovative, highly flexible and transparent tool providing customers with complete information and full range of functions.

With just a few clicks in *MyFoscarini* you can:

- verificare la disponibilità delle lampade e la data di spedizione;
- check the availability of lamps and the shipping date;
- enter your orders, reserving lamps directly from Foscarini’s central system;
- track your order status;
- consult sale conditions;
- download admin documents such as transport documents and invoices;
- prepare a quotation;
- download: images, logos, PDF and excel price lists assembly instructions and certifications.

And all this 7 days a week, 24 hours a day.

If you haven’t registered yet request your password from Foscarini Customer Care.

Social media

Foscarini is present on all the main social networks with systems and languages suited to each individual channel and type of user:

- *Facebook* to create and maintain public relations, communicate news and projects, share news, images and films;
- *Instagram* to view projects and stimulate users to create images with Foscarini models;
- *Pinterest* to share images of Foscarini models and initiatives, subdividing them into theme boards;
- *LinkedIn* to create and maintain relationships with sector operators and share professional contents.

Rosoni multipli / Multiple canopies

Chouchin Reverse

Aplomb

A technical solution that couples function with design harmony: The multiple canopy makes it possible to create compositions up to 6/9 suspension lamps to create cascades of light of high emotional impact, particularly suitable to enrich a staircase. The standard multiple flange is designed to suit many suspensions from Foscarini collections.

Varnished steel. Colour: white. Max: 30 kg.

Kit decentramento / Decentralization kit

Kit B

Kit C

With the decentralization kits, it is possible to position suspension lamps at will, regardless of the location of the power source. With an extremely discreet design, to minimize the visual impact, it is proposed for both self-supporting single cable models and for those equipped with one or more steel cables.

Kit M

Kit decentramento / Decentralization kit

Accessori / Accessories

Kit B

Kit B	code	€
	FNKIT_DEC_B	38,00

Decentralization kit, includes 3 supports for steel cables. Brushed metal.

For the models: Allegretto, Allegro, Big Bang, Buds, Caboche Plus, Chouchin, Chouchin Reverse, Gem, Gregg grande/media, Le Soleil, Nuée, Plass grande, Plass media, Rituals, Rituals XL, Satellight, Spokes, Sun-Light of Love, Supernova, Tartan, Tonda, Twice as Twiggy, Tress grande/media/piccola.

Weight:
net kg 0,01

Kit C

Kit C	code	€
	FNKIT_DEC_C	46,00

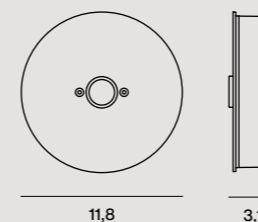

Decentralization for power cable. Chromed metal.

For the models: Aplomb, Aplomb Large, Aplomb mini, Birdie, Bump, Giga-Lite, Gregg piccola/MDI, Havana, Tite, Tress grande LED, Tress mini, Twiggy, Twiggy wood.

Weight:
net kg 0,01

Kit M

Kit M	code	€
	FNKIT_DEC_M	119,00

Canopy electrical decentralization up to 4 lamps. The kit M contains only the canopy, to compositions as picture order the necessary quantity of Kit B or Kit C. Varnished steel.

For the models: Aplomb, Aplomb mini, Arumi, Birdie, Buds*, Bump, Chouchin*, Chouchin Reverse*, Chouchin mini, Gem, Gregg*, Havana, Plass media, Rituals, Rituals XL*, Satellight, Tartan*, Tite, Tress*, Twiggy.
* LED version excluded.

MyLight Collection

The MyLight models use the smart device Casambi to control light intensity from 100% to complete turning off.

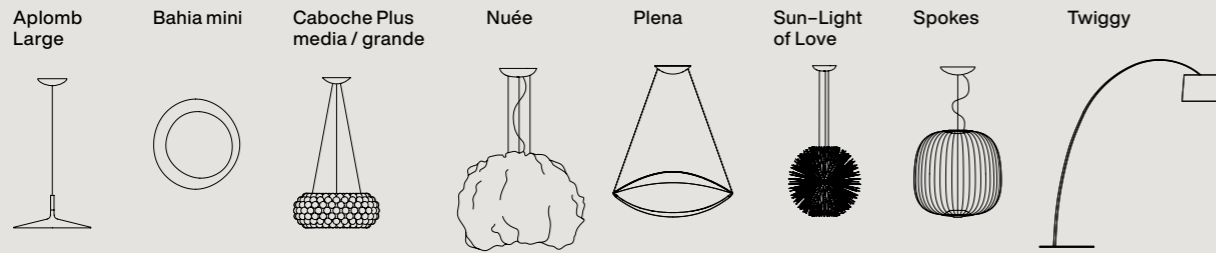

The system is easy and user-friendly. No new wiring, switch, device or Internet connection is needed.

You only need to install the light source and match it through Bluetooth with your smart phone, tablet, or other control devices (see below). No further configurations by qualified staff are needed.

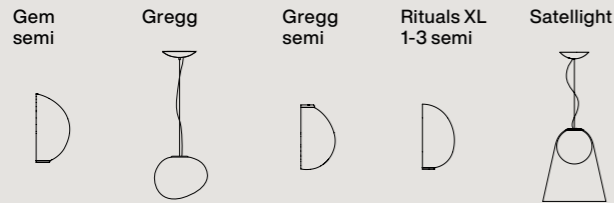

Tunable White - Caboche Plus and Twiggy

Besides light intensity control, it's possible to control the LED light colour degree from 2700 K to 5000 K, from warm to natural or cold light through any intermediate level.

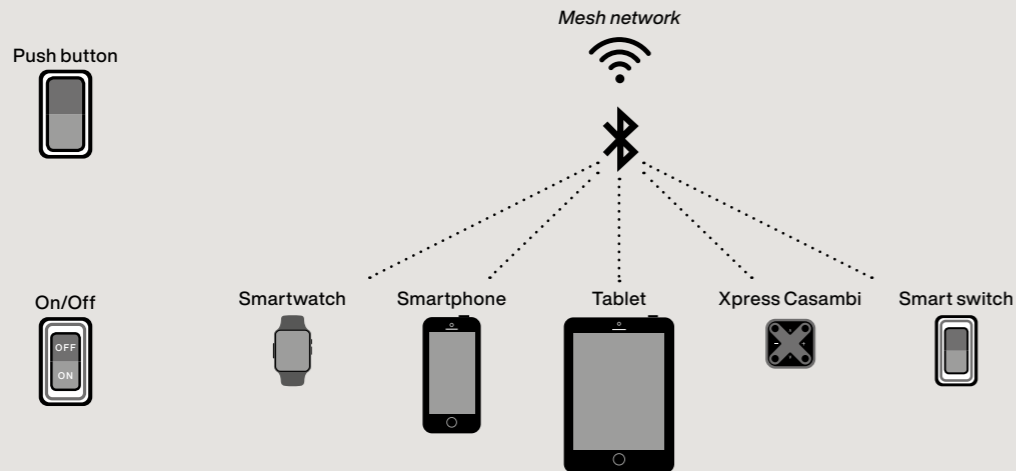

Models with LED module and Casambi interface integrated

Models with line voltage LED or E27 retrofit LED and Casambi interface aside

Controlled via Bluetooth / Casambi App [iOS / Android]

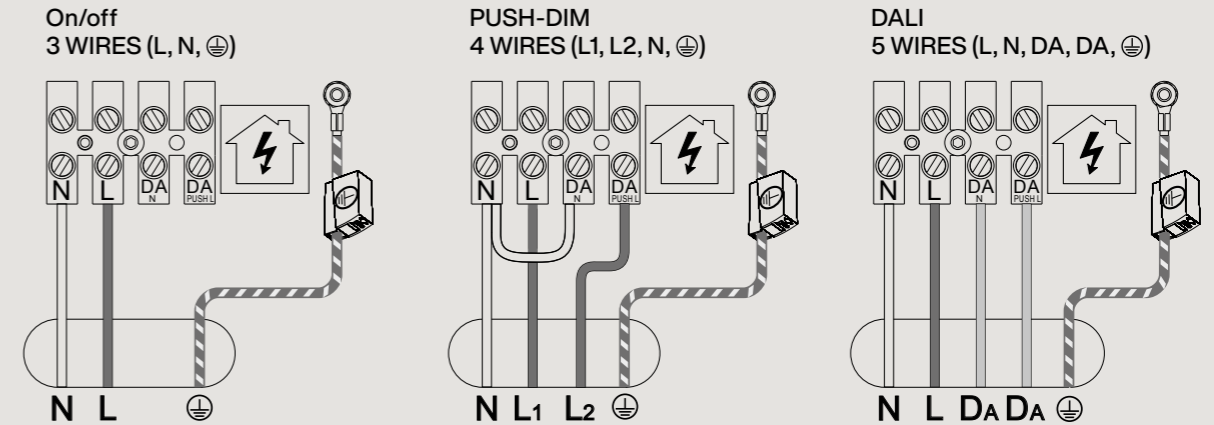

LED and dimming

Spare parts for lights with LED included

LED modules can be replaced by qualified staff on-the-spot and the spare part can be purchased to the company for the following lights: Allegro, Aplomb Large, Bahia, Bahia mini, Big Bang, Big Bang L, Big Bang XL, Caboche Plus, Chouchin, Chouchin Reverse, Gem, Gregg media, Lake, Le Soleil, Rituals XL, Satellight, Tartan, Tress grande, Tuareg, Twiggy, Twice as Twiggy.

Dimming

The following lights can be dimmed with On/Off - Push - DALI configurations: Allegro, Aplomb Large, Bahia, Bahia mini, Big Bang, Big Bang L, Big Bang XL, Buds LED included, Caboche Plus grande e media, Chouchin, Chouchin Reverse LED included, Dolmen, Gregg grande, Gregg media LED included, Le Soleil, Lumiere XXL/S, Plena, Rituals XL LED included, Spokes 1, Spokes 2, Spokes 3, Tartan LED included, Tress grande, Troag, Twice as Twiggy, Twiggy Wood.

N = Neutro
L = Linea
DA = Dali
PUSH = Dimmerabile Push

The LED retrofit bulb included for the following lights is dimmable with TRIAC* technology: Buds, Chouchin, Gem, Gregg grande, Gregg media, Rituals XL, Satellight, Tartan.

* The minimum power output (Watt) adjustable by the recessed light dimmer has to be lower than the light or the LED retrofit bulb power.

Light Sources

LED retrofit light bulbs: Foscarini recommends the use of warm light bulbs for its whole collection. The light bulbs available on the market may feature technical specifications with various graphics and definitions, but a warm light tone is generally described as Warm White - 2700- 3000K° and CRI > 80.

Lamps with dimmer: Please verify the compatibility of your bulb with the dimmer's wattage ranges, indicated on the dimmer itself, according to the kind of light source

This table contains the necessary information to purchase the correct light source (models with integrated LED excluded).

Legenda

LED

It marks the models with integrated LED included in the lamp, which is the result of Foscarini designing and engineering.

Classe I

Class I° luminaire: it's necessary to connect the device to the yellow/green protective conductor (earthing).

Dimmer

Please verify the compatibility of your bulb with the dimmer's wattage ranges, indicated on the dimmer itself, according to the kind of light source.

CSQ - IQNET

The CSQ-IQNET label is valid all over the world. It certifies that Foscarini runs a quality management system which complies with the UNI EN ISO 9001:2008 standard, to guarantee a high quality level for what concerns project, development, production and distribution of its products.

CE

Declares that the manufacturer produces light fittings which comply with the requirements of the EN 60598.

Classe II

Light fittings whose safety is guaranteed only by the double and/or reinforced insulation of all parts, with no earth.

IP Protection Degree

IP20: protected against the penetration of solid objects greater than 12 mm and non protected against liquids.
IP44: protected against the penetration of solid objects greater than 1 mm and protected against splashing water.
IP65: dust-tight and protected against water jets.

CSQ ECO

This label is valid all over the world. It certifies that Foscarini runs an environmental management system which complies with the UNI EN ISO 14001:2004 standard in order to guarantee company's commitment to continual improvement of its environmental performances.

ENEC

The label ENEC (Electrical Certification concerning European Standard) is a voluntary label granted by third organizations. It certifies that a product complies with the EN 60598 standards and has been designed and manufactured by companies with an approved UNI EN ISO 9001 quality control system.

Classe III

Appliance in which protection against electrical shock is guaranteed by the extremely low-voltage power supply and which does not produce higher voltages.

Azienda certificata
UNI EN ISO 9001:2015
UNI EN ISO 14001:2015

General terms and conditions of sale

The general terms and conditions herein apply to all contracts for the sale of goods entered into between FOSCARINI SPA (hereinafter referred to as "Foscarini") and the customer (hereinafter, the "Customer") and form an integral part of the contractual agreement entered into with the acceptance of the order. Any changes to the above must be made by written agreement duly signed by both parties.

If the Customer is a consumer, the provisions of the general terms and conditions of sale herein do not jeopardise the rights the same is entitled to in accordance with the legal provisions regarding sales made to consumers.

→ 1 Orders

To enter into the sales contract, the electronic form needs to be filled in on the Foscarini portal, www.myfoscarini.com. The contract is entered into upon acceptance of the order by Foscarini. The contract is governed by the Order as set out herein above and by the general terms and conditions herein.

→ 2 Products - Changes

2.1 The representations and/or pictures of the products shown on websites, in brochures, catalogues, price lists or similar documents have an indicative and illustrative value. Consequently, they do not represent the final styling result of the products. The technical and physical characteristics of the same are only provided in Foscarini's technical manuals, with the specification that the dimensions and colours indicated therein may have an unavoidable tolerance due to the characteristic craft-based processing of blown glass.

2.2 Foscarini declares that the Products conform to the applicable industry standards. Under penalty of ineffectiveness of the guarantee referred to in article 6 and any other conventional and/or legal guarantee, each Product shall be used and installed in conformity with Foscarini's usage instructions referred to the products in question and provided in Foscarini's instructions and/or technical manuals or otherwise notified or made accessible by Foscarini to the Customer and, in any case, in conformity with the diligence required by the nature of the products themselves.

2.3 It is the Customer's responsibility, prior to entering into the Sales Contract, to ascertain that the products are fit for the purpose and/or specific use for which (s)he intends to purchase them and, furthermore, to ascertain that they conform to the applicable regulations in the place in which the Customer intends to import them, distribute them, sell them or make use of them.

2.4 Foscarini, even after the Sales Contract has been entered into, may make any changes to the products it deems necessary or appropriate, provided these do not alter their essential characteristics, providing written notification thereof to the Customer.

2.5 The Customer will be obliged to represent to the product purchasers and to third parties the characteristics of the products as well as the instructions for use and application of the same, in conformity with the representation provided in turn by Foscarini. Without prejudice to the above, the Customer shall be solely responsible for the declarations made to third parties in regard to the Products, to their characteristics and to

their use and/or installation and shall indemnify and release Foscarini from liability for any damage incurred by Foscarini in relation to or in connection with such declarations, should these be false, incomplete and/or inaccurate.

→ 3 Delivery

The delivery time frames specified in the order are purely indicative and non-binding. The goods travel carriage paid (INCOTERMS DAP 2010), except where otherwise agreed by the Parties in the Order.

→ 4 Prices, payment, delayed payment

4.1 The Products shall be supplied at the prices specified in the order or at the prices indicated in Foscarini's price list in force at the time the Sales Contract is entered into. Unless otherwise specified in writing, the prices of the Products indicated in Foscarini price lists, quotes and/or offers are understood to be recommended retail prices, expressed in Euro, VAT not included.

4.2 Payment for the Products shall be made by the Customer using the methods and within the time frames specified on the invoice or otherwise agreed upon in writing by the parties. Payments shall be considered as having been made by the Customer only at the time in which the related amount has been credited into Foscarini's current account.

4.3 Should the Customer be delayed in making payment, Foscarini shall be entitled:

a) to payment of the statutory interest on arrears, in conformity with the applicable law;
b) to suspend pending deliveries, prior to written notification to the Customer, until the amounts due and the related interest on

arrears have been paid in full.
4.4 Should these amounts and interests still remain unpaid after 30 (thirty) days from the agreed payment due date, Foscarini may also, at its sole discretion, alternatively or cumulatively, and in addition to any other right or remedy it is entitled to by law or by the General terms and conditions herein:

a) demand immediate payment of any outstanding debt, even if payment in instalments or deferred payment has been agreed and/or drafts or bills of exchange, promissory notes, cheques or other means of payment have been issued and are due;
b) terminate the Sales Contract in question and permanently withhold any amounts already received which will be charged as a penalty unless the damage that Foscarini reserves the right to quantify is greater;
c) carry out future product deliveries only upon advance payment ahead of outstanding supplies yet to be made;
d) revoke discounts and bonuses that have been agreed by the parties.

4.5 The rights referred to in previous paragraphs 4.3 and 4.4 may be exercised at any time by Foscarini also in the event that: a) the Customer undergoes liquidation, is put into administration, is undergoing bankruptcy proceedings, debt restructuring or enforcement actions; or b) the Customer is in a state of financial difficulty - fit to determine a prejudice to the prompt fulfilment of his/her payment obligations - resulting, by way of example but in no way limited to, from the removal of objections, the reduction in guarantees granted and/or the failed provision of guarantees promised, and the occurrence of any unpaid amounts.

4.6 The Customer may not enforce any non-fulfilments on the

General terms and conditions of sale

part of Foscarini nor may (s)he take any legal action against the same until (s)he has paid Foscarini in full all amounts the latter is entitled to pursuant to the provisions of paragraphs 4.3 and 4.4.

→ 5

Reservation of ownership

5.1 Foscarini shall retain ownership of the Products sold until their price has been paid in full by the Customer.

5.2 In the event of non-fulfilment or delay in fulfilling the obligation to pay the price of the Products, without prejudice to the provisions of previous paragraphs 4.4, 4.5 and 4.6, Foscarini shall be entitled to access the premises where the products are held, to resume ownership of the same and to confiscate definitively, as a penalty, any amounts paid by the Customer for the products in question.

→ 6

Guarantee

6.1 Without prejudice to the provisions of the previous paragraphs 2.1, 2.2, 2.4 and in regard to the product changes permitted and the tolerances, Foscarini guarantees the Customer that the products will conform to the Sales Contract, to the classification indicated in Foscarini's technical manuals and that they are free from manufacturing defects. The guarantee herein will be valid for 12 (twelve) months from the date of delivery of the products.

6.2 The following are excluded from any guarantee:

a) chromatic alterations and differences in shade of the products;
b) products classified in the Sales Contract as of lower quality than first choice or product batches at the end of a

series sold in block as special batches;
c) products that are not assembled and/or installed in a professional manner and/or laid in a way that differs from the provisions of the applicable industry regulations and the instructions enclosed with the same;

d) products installed on surfaces and/or in settings other than those recommended by Foscarini;
e) Products used in a way that differs from the instructions and/or indications provided by Foscarini included in Foscarini's technical manuals or instructions or notified to the Customer by Foscarini in another way, including the provisions specified in the previous paragraph 2.2;
f) products used in a way that does not conform to due diligence and/or the technique required by the nature of the products themselves;

6.3 The Customer shall be obliged to examine the products as quickly as possible and, on pain of forfeiture of the guarantee herein, to report in writing to Foscarini, by e-mail:
a) non-conformities relating to the type and/or quantity of products received as well as other clearly apparent non-conformities in the products or evident defects: by no later than 8 (eight) days from delivery of the products and, in any case, before they are installed;
b) hidden non-conformities or hidden defects in the products: by no later than 8 (eight) days from their discovery and, in any case, within the guarantee period.

6.4 Foscarini shall be entitled to check the products, or certain samples of the products, that the Customer deems to be non-conforming or defective, also in order to verify the respect of the instructions relating to the installation of the same and/or the installation and/or use as

specified in the General terms and conditions of sale herein. To this end, the Customer may return to Foscarini the products deemed by the same as being non-conforming or defective only subject to the written authorisation of Foscarini. The authorisation to return the products or the samples ascertained as being non-conforming or defective will under no circumstances constitute the acknowledgement of the non-conformities or defects on the part of Foscarini.

6.5 In the event that the Products are acknowledged by Foscarini as being effectively non-conforming or defective, the Customer, at Foscarini's choice, shall be solely entitled:
a) to the free replacement of non-conforming or defective Products; or
b) to the partial or total exemption from payment of their price, depending on how serious the non-conformities or defects are.

6.6 The products that have been replaced shall be, at Foscarini's choice, destroyed or disposed of by the Customer, at the expense of the latter, or returned to Foscarini, at Foscarini's expense.

6.7 The rights and remedies described in the previous paragraphs 6.5 and 6.6 constitute the sole rights and remedies granted under guarantee. To the maximum extent permitted by law, further liabilities or obligations on the part of Foscarini are excluded in relation to the supply of non-conforming or defective products, including, by way of example but in no way limited to, liabilities and obligations for any direct, indirect or consequential damages, loss of profit, etc. to which such a liability is connected.

6.8 The guarantee herein replaces and excludes all other guarantees, whether express

or implicit, envisaged by law or otherwise.
6.9 In the event that the Customer is a consumer, the legal guarantee envisaged by the consumer code shall apply.

→ 7

Applicable Law - Settlement of disputes
The general terms and conditions of sale herein and the contracts entered into between Foscarini and the Customer shall be governed and regulated by Italian law. The Court of Venice shall have jurisdiction over any disputes.
